

PITCHER LINER

H22301-US

***Improve patient hydration
and patient satisfaction!***

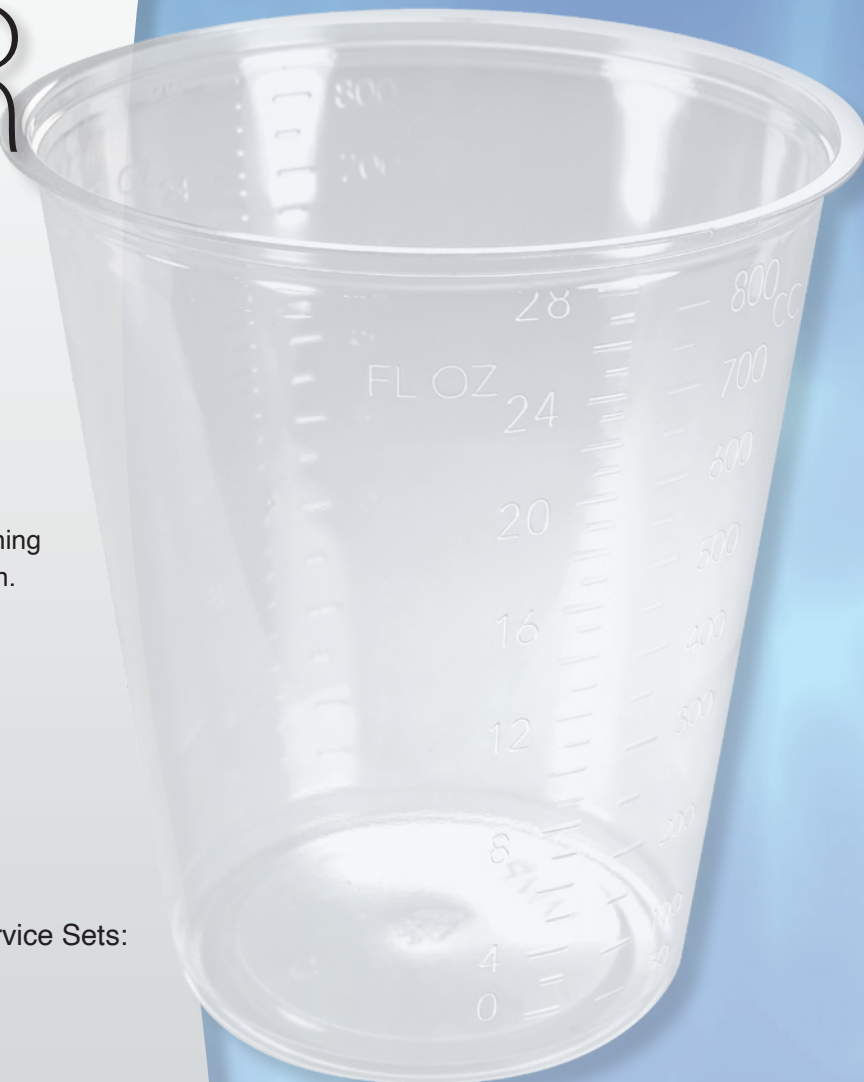

Medegen Medical Products U.S.-made pitcher liner prevents cross-contamination and helps maintain a high level of hygiene. Our single-patient disposable pitcher design simplifies workflows for healthcare staff by eliminating the need to transport, clean, and return the pitcher to the patient. Our liner is ideal for replenishing and insulating fluids while helping reduce condensation. Designed as the perfect companion for our single-patient-use pitchers H222 series, these liners support comfort, cleanliness, and efficient hydration in patient care environments.
