Hydraulic STRETCHER

MEDEGEN
Medical Products
An Inteplast Group Company

Trend / Reverse Trend Function

The Trend/Reverse Trend function can adjust from -16 to 16 degrees with stability and safety at any height of the stretcher.

Hi-Lo Function

- Hydraulic system with sophisticated mechanism provides a steady, durable, safe and comfortable elevation function.
- The height of beds can adjust from 22.05˚ to 35.04˚ by stepping on the hi-low pedal located on both sides of stretcher.

Chair Position Function

- Settable Chair Position*.
- Various position choices offered to improve patient comfort.

*Only available on stretcher with ½ body radiolucent board

Wave-Shape Siderail

Collapsible stainless siderail with ABS wave-shape handle is rust-proof and easy to grasp and clean.

Siderail Safety Release

Pull out the locking safety release before folding down siderails to ensure patient safety.

1 I.V. Pole

Two-step adjustable stainless I.V. pole (4-section)

2 Foot Position Lever

Two-step foot lever enables foot section up to 15 degrees.

3 Built-in Scale

Comes standard on stretcher *CSNN*.

4 Knee Position Crank

Manual crank is located at the foot-end and enables the knee section shifting from 0 to 40 degrees.

5 Base Cover

ABS Base Cover with storage bin.

6 Drainage Bag Hooks

Total 6 hooks available. 3 on each side of stretchers.

7 Foot Pedal

The foot pedal controls the height and tilt positions of stretcher by hydraulic mechanism.

8 Restraint Strap Holder

Total 10 holders available, 5 on each side of the stretcher.

9 Fifth Wheel

Fifth Wheel can improve the maneuverability of the stretcher.

10 Caster

8" central brake caster with dust-proof cover.

"The ER stretchers we purchased from Medegen are incredible. They function very smoothly and the mattress is comfortable. The flat surfaces make them easy to clean for a quick turnaround. Our rep came in and assembled the stretchers for us and gave a demonstration which is not very common out here in rural Texas. We appreciate the awesome service we received and look forward to continuing our relationship with Medegen."
